

Volunteer FAQ SPRING 2024

What courses and workshops are available this session?

The courses offered this Spring are:

- Python
- Mobile Application Development
- Cybersecurity
- Scratch

Along with the following workshops:

- Cryptography

What will be the structure of this session?

Classes will run for six weeks (weeks of March 4th - April 8th) with students meeting twice a week for an hour each day at various times in the evening between 4 - 7 PM ET. Workshops are conducted over the weekend of April 13 - 14 and run for 1.5 hours each day.

When does the session begin?

The session begins the week of March 4th and ends the week of April 8th.

What materials will I need?

An instructor should have a Gmail account with an updated Web browser, like Chrome or Firefox installed. You will be delivering the instruction through Zoom, so a web camera and microphone are also required.

What is the time commitment?

Each course will require two hours per week for the duration of six weeks. Workshops are for one weekend and require three hours.

Will I receive any volunteer hours for my school by working at Blissful Coding Club?

Yes! Please check with your school's policy for specific requirements when volunteering with 501(c)(3) organizations.

What does the curriculum look like?

Blissful assembles its own curriculum from a variety of non profit organizations like Harvard Creative Computing, MIT's Scratch, and CMU's CS Academy. The curriculum was built to give students the opportunity to learn a subject their schools do not provide while offering instructors the opportunity to offer their own unique input into problems. Students attend Blissful courses because they are looking for someone to show them how to code.

What is the schedule for this Spring?

Blissful Coding Club - Spring 2024 Schedule				
Classes: twice a week from the weeks of March 4th - April 8th				
*Workshops: 1.5 hours each day, weekend of April 13th-14th				
*all classes and workshops are 100% free and virtual!				
Description	Type	Grade Level	Time (ET)	Days
Python - Beginner	Class	3-6	4-5 pm	Mondays + Wednesdays
Python - Intermediate	Class	6-8	5-6 pm	Mondays + Wednesdays
Python - Advanced	Class	7-12	6-7 pm	Mondays + Wednesdays
Cybersecurity	Class	All grades	7-8 pm	Mondays + Wednesdays
Scratch - Beginner	Class	2-5	4-5 pm	Tuesdays + Thursdays
Scratch - Advanced	Class	6-12	5-6 pm	Tuesdays + Thursdays
App Development	Class	All grades	6-7 pm	Tuesdays + Thursdays
Cryptography	Workshop	All grades	3-4:30 pm	April 13-14

Will I be teaching by myself?

No, instructors are grouped in pairs of two or three per class.

How many students are in each class?

We expect there to be around 20 students in a class.

Do I have to attend a training session?

Yes, attendance at one training session is mandatory for each course you choose to teach. A director from the organization will provide training to ensure the students receive the best possible service.

	Training Schedule			
Attend one of the four	Python	Cybersecurity	Scratch	App Development
Option 1	Feb. 17, 3-4 pm	Feb. 17, 3-4 pm	Feb. 17, 3-4 pm	Feb. 17, 3-4 pm
Option 2	Feb. 18, 3-4 pm	Feb. 18, 3-4 pm	Feb. 18, 3-4 pm	Feb. 18, 3-4 pm
Option 3	Feb. 24, 3-4 pm	Feb. 24, 3-4 pm	Feb. 24, 3-4 pm	Feb. 24, 3-4 pm
Option 4	Feb. 25, 3-4 pm	Feb. 25, 3-4 pm	Feb. 25, 3-4 pm	Feb. 25, 3-4 pm
Attend one of the two	Cryptography			
Option 1	Apr. 6, 3-4 pm			
Option 2	Apr. 7, 3-4 pm			

I have another commitment in between dates I have to attend. Can I still apply?

While Blissful Coding Club would like you to be present the entire time, we understand that prior commitments have to be met. Please let us know your schedule prior and we will try to accommodate the situation.

I have more questions.

Please email info@blissfulcodingclub.org with any further questions you may have.
